BOOK AND CD RELEASED IN 2013**Stinging the Natives**

After the 2013 Holy Spirit Conference, many people asked if we would expand the workshop information and make it available. Based on that feedback, we have published the book *Stinging the Natives: Equipping Your Church To Rely on the Power of the Holy Spirit*.

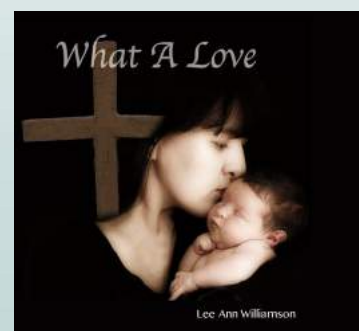

Stinging the Natives is a hybrid between a **book** with instruction and commentary and a **workbook** with personal and corporate reflection. Lee Ann and Susan examine the elements that made the Early Church grow so rapidly, consider the challenges that she felt within just months of inception, and discuss ways your church can get on board with God's plan for a new generation of hurting, needy people.

We hope your church, small group or you as an individual will not just read *Stinging the Natives* but make a commitment to allow God to equip you for His purposes. We will guide you through the process of implementing change and trust that the Holy Spirit will empower you to do His will.

**Christmas CD**

The music of *What A Love* tells the magnificent story of the Gospel and includes the same songs as heard in Lee Ann and Lori's 2013 Christmas Concert tour. However, you will enjoy it anytime of the year.

What A Love: *Breath of Heaven, Come Now our King, When Love Was Born, A Baby Changes Everything, You're Here, Joseph's Lullaby, What a Love Medley, I Believe, Be Born in Me, Joy to the World Medley.*

You can order *Stinging the Natives* or *What A Love* from our website at www.christianworldmissions.org or by calling us at 662-324-0390.
