February 2017

What a wonderful Holy Spirit Conference we had, led by Dr. Bobby Cabot into powerful experiences of God's healing grace! From the tiny to the titanic, we heard God speak into our lives.

In the Tiny: "Our God is actively and lovingly involved in the smallest details of our lives."
And the Titanic: "Let God be the mystery God is." ~ Bobby Cabot

Every day we see the evidence of God's tender care toward us:

• New gravel was brought in for our parking area. We and our staff and children spent hours working to spread it. When the 3rd load was brought in, the dump truck got stuck, leaving a crater behind. As a result, Oktibbeha Co. Coop provided more loads of gravel and all of the equipment and labor needed to not only fill their crater, but also to spread the rest of the gravel properly!

• Bob, Albert, and Johnny are making great progress toward completion of the Big Room.

Many said that the space is beautiful, that they can sense the Presence of God here. We hosted our first wedding reception and the space was exquisite! We hope that future rentals of the space will be like Paul's tent-making income for our ministries.

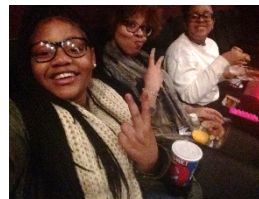

And we also see the unspeakable mystery of God changing hearts and relationships:

• We saw the church in worship, where there is no male nor female, Greek nor Jew, slave nor free, but all are made one in the grace and because of the blood of Jesus.

• While we don't know all that God did, we witnessed His miraculous ability to set a person free in a moment, to heal a lifetime of hurt and suffering.

• Brittany Radford, our youth director, invited two of our girls to the movie last weekend. When she arrived to pick them up, Omariona's mother said, "Miss B, I just want you to know how much we appreciate what you do for our kids. You are an excellent role model for them, and always so positive. Thanks for what you do."

Of course, I am much more aware of what is happening right here, but similar things are happening with our partners in Nigeria, Nepal, Pakistan, and India.
