## Your Event

We have a capacity for up to 300 guests seated theater style, or 200 at tables (approx. 180 at round tables). Our facility also has a number of smaller rooms so that you can have break-out sessions during your conference, or specially prepared dressing rooms for your wedding/reception.

## Your Needs

The women's changing suite has a private toilet area, while the men are located near a restroom. There is a shower on-site, as well, and there are plenty of restrooms for your guests.

We have a full kitchen with 2 electric stoves with 8 burners and 2 ovens, refrigerator, freezer, commercial sink, and dishwasher. Select your own caterer or prepare your meals on-site. Tables, tablecloths, and chair covers are also available for your use.

We also have high-quality, wireless sound equipment, a Yamaha Clavinova, and a youth-size drum set. We can create a dance-floor and hang tiny lights along the walls for an additional fee.

## *The Rooms*

Our facility offers great flexibility for all of your needs. We can be as formal or informal as you desire.

**The Big Room (1):** Built with versatility in mind, this 86' X 60' multi-purpose room can be dressed-up for receptions and worship, or down for birthday parties and reunions. We can set-up a "dance floor," bring in the basketball goals, or arrange tables for dinners or games.

**The Medium Rooms (2):** These rooms are created by moving the separation wall between two Small Rooms, so keep in mind that with use of both Medium Rooms, you reduce the number of Small Rooms to four. **Capacity:** 80 seated at tables (lecture style), 130 seated theater style. (Available late 2017)

**The Small Rooms(7):** These rooms are perfect for break-out sessions or smaller business meetings. **Capacity:** 40 seated at tables, 66 seated theater style. (We currently have 1 available; in late 2017, we will have 6-7.)
